We believe in purposeful business practices and good corporate citizenship for a better world. We are committed to promoting equity and access, cultivating lifelong learning, and leveraging the full power of our firm to tackle some of the most pressing business challenges. We match community engagement efforts with both business interests and our people's passions to drive societal progress and improve opportunities and access within the communities where we live and work.

## Our commitments

- **Mobilize our resources**, including the unique skills of our people and a \$125 million commitment over five years from our firm and KPMG U.S. Foundation to collectively support organizations, programs, and initiatives that advance equity and access among underrepresented groups who have historically faced systemic barriers in our communities
- **Act with urgency, purpose, and stewardship** to impact our communities for better, including celebrating the 125th anniversary of KPMG U.S. by providing our people with the opportunity to serve our communities, thereby investing thousands of hours of service and an expected \$1.25 million into the markets where we operate
- **Return our community engagement activity** to pre-pandemic levels and contribute to KPMG International's commitment to economically empower 10 million disadvantaged young people by 2030 through education, employment, and entrepreneurship
